

Geography GCSE revision

Key resources

- Available in the Year 11 Geographers' Team in the revision channel:
 - 🌐 The **St Bede's geography revision pack** – this includes information about your exams, what you need to revise and suggestions for how to do this
 - 🌐 Practice questions
 - 🌐 Glossaries of specialist terms for each topic as well as skills
 - 🌐 Place studies summaries
 - 🌐 Exam technique advice (15 top tips) with example answers
 - 🌐 Skills guides
 - 🌐 Answers to questions in the workbook and revision guide plus lots more
- My Revision Notes Eduqas B revision guide available on Wisepay (ISBN 9781398321731)
- Workbook (kept in front of current folder)
- Y9, Y10 and Y11 folders
- Textbook lent by school (the 2nd edition with the BMX, not the old version with skateboard)
- Eduqas book on skills and fieldwork (ISBN 9781912190027).

To revise the content

- Use the links and page numbers in the **St Bede's geography revision pack**
- Use the **glossaries** to revise the specialist terms for each of the three themes, e.g. make cards with word on one side, definition on the other and time self to recall all of them correctly
- Learn the **place studies summaries**, e.g. summarise with pictures on a mind map or index card
- Complete remaining sections of your **workbook** and check against the workbook answers (available in the Team)
- Use the **revision clocks** to summarise each topic and ensure all areas are covered.
- Do the activities and exam practice in the **My Revision Notes guide** then check using the answers in Teams (or ask your teacher if advice needed).
- Check you are up to date on **Educake quizzes** set by your teacher (be careful if picking your own as they might not be on topics you are likely to need for your exams).

To check and improve your skills

- Check the **skills guide** in the Team
- Complete the **Educake quizzes** on statistical skills, numeracy skills, maps and graphs.

To check and improve your exam technique

- Go through the **15 top tips** presentation which contains example answers.
- Check the one page summary available in the revision channel in Teams.
- Practice and mark **past papers / questions** for component 1, component 2 and component 3 (in Teams).

The 3 exam papers

Component 1: Investigating Geographical Issues - 40% of GCSE, 1 hour 45 minutes

Component 2: Problem Solving Geography - 30% of GCSE, 1 hour 30 minutes

Component 3: Applied Fieldwork Enquiry - 30% of GCSE, 1 hour 30 minutes.
